

DDR4

TORNADOX7 Pro

DDR4 TornadoX7 Pro for Desktop

Description

TwinMOS launches a new DDR4 memory module product, "TornadoX7 Pro", with an operating voltage of only 1.35V, ensuring lower power consumption. Its Maximum Thermal Conduction and Dissipation (MTCD) Design enhances superior cooling efficiency while maintaining an optimal ambient temperature around the system. The TornadoX7 comes with a Black Heat Spreader for efficient heat dissipation. Fully compliant with JEDEC standards, this memory module guarantees 100% compatibility with all major platforms on the market. With up to 32 GB of temporary storage space, it delivers twice the data processing speed, offering exceptional stability, long-term efficiency, and low power consumption.

Specification

Module Type	DDR4 TornadoX7 Pro DRAM For Desktop
Capacity	8GB 16GB 32GB 8 GB X 2= 16 GB 16 GB X 2= 32 GB
Frequency	3200Mhz
Data Transfer	25,600 MB/s
Bandwidth	(PC4 25600)
Latency	CL16-18-18-36
Voltage	1.35V
Dimensions	135.5(L) x 42(H) x 6(W) mm
Warranty	Lifetime Product warranty

Ordering Information

Single Channel

Frequency	CAS Latency/Voltage	Capacity	Heat Sink	IC	Part Number	EAN
